About EAGLE-700

Our remarkable new development "EAGLE-700" minimizes air and electricity consumption to produce paper cup at the capacity of 130 ~ 150 cups per minute, which is a highly reliable machine at a reasonable price.

This machine will accommodate a full range of cup sizes from 4oz to 36oz with easy and quick mold changes. The "EAGLE-700" features all gear driven main shafts type and there is no chain used at all.

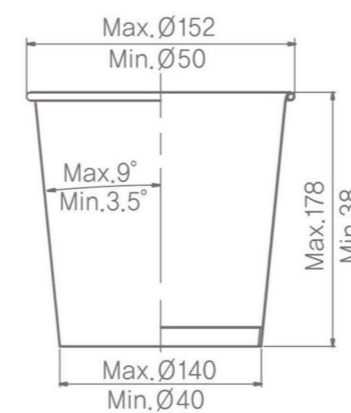

- Simple Structure
- High quality Cost-effective New Item "Minimizing air and electricity consumption"
- All gear driven main shafts (no chain used)
- Full range of cup sizes from 4oz to 36oz with quick tooling change
- Production speed up to 130 ~ 150 cups per min.
- Touch Screen Control

Main Specifications

Production Speed	130 ~ 150 cups per min.
Cup Size Range	4oz ~ 36oz
Sealing Method	By Hot Air
Paper	One or Both side PE coated
Paper Weight	170gsm ~ 450gsm
Electric Power	220V, 50/60Hz, 3P, 4W
Electric Consumption	25kW
Air Requirement	5HP
Machine Weight	4,500kgs

* Rotary feeder, contamination detector, stacker and automatic cup bagging machine are optional.
