

Portable Mesh Nebulizer

NIMO® Portable Mesh Nebulizer is designed for the treatment of asthma, allergies and other respiratory ailments. Thanks to the active mesh technology that converts electrical energy into mechanical energy, HNK-MESH-01 transforms liquid drugs into aerosol mist and allows them to be taken into the body by respiration. NIMO® Portable Mesh Nebulizer, which has titanium alloy active mesh technology, can give the drug to the patient quietly and quickly without disturbing the patient. The device is suitable for use by patients of all ages. HNK-MESH-01 is easy to use. HNK-MESH-01 is lightweight and ergonomically designed for easy use at home, at work or on travel.

Box Contents

- 1 NIMO Mesh Nebulizer

- 1 piece adult mask

- 1 piece Micro USB Cable

- 1 piece child mask

- User manuel

- 1 piece plastic carrying box

TECHNICAL SPECIFICATIONS

Operation Method	Active Vibrating Mesh Technology
Nominal Operating Voltage	DC 5.0V 1A Micro USB and Li-Titanate Rechargeable Battery
Power Consumption	<4.0 W
Nebulization Rate	0.5 ± 0.15 ml/min
MMAD	2.5 ± 30% µm
Working Frequency	120 kHz±10 kHz
Medication Cup Capacity	10 ml
Type	Type BF Applicable Parts
Ingress Protection	IP22
Size	41mm(L)x45mm(W)x91mm(H)
Weight	110 gr (battery included)

BOX PACKAGE INFORMATION HNK-MESH-01

MESH NEBULIZER

Box Dimension	41 cm * 39 cm * 31 cm
Box Weight	11,35 Kg.
Box contents	24 pcs HNK-MESH-01
Pallet Dimension	80 cm * 120 cm * 200 cm
Pallet contents	36 Master Carton (864 pcs)
Gross pallet weight	420.6 Kg
