Safeject Safety Syringe

Safeject Disposable Syringe

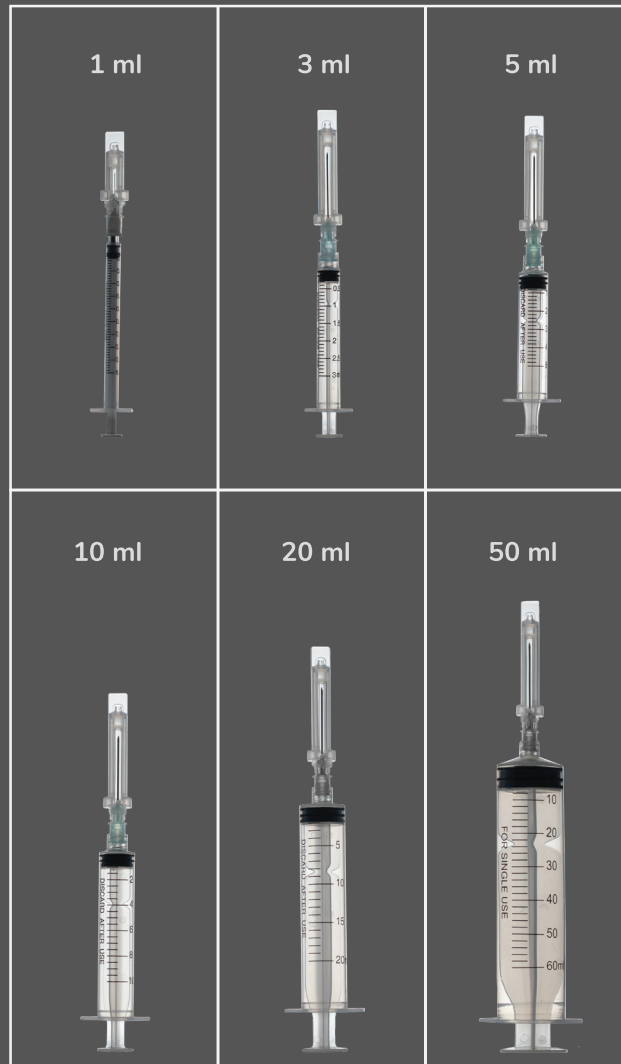

Safeject Disposable Syringe is a regular Disposable Syringe by PT Oneject Indonesia. If combined with Safety Needle, Disposable Syringe will have higher safety level than other regular syringes.

Safeject Disposable Syringe uses top quality ingredients, made by medical grade Polypropylene, 3 parts, packed in individual blister pack, non-toxic pyrogen free, and sterile by Ethylene Oxide Gas.

Safety Needle

Oneject Safety Needle offers high quality stainless steel needles for smooth and painless needles with special silicone. After injection, the needle is closed with a cap attached to the needle, so that it will not injure the Healthcare Workers.
