

# FN 300

Portatif Kesim Makinesi Ø 300mm  
Portable Mitre Saw Machine Ø 300mm

ALU  
PVC  
WD

## TR Özellikler

- FN 300 alüminyum, ahşap ve plastik profillerin düz ve dereceli kesim işlemleri için kullanılır.
- 45° ve +45° arasında istenen tüm açılarda kesim, sağa ve sola 15°, 22,5°, 30°, 45°,90° sabit açıda kesim imkanı
- Üst tablada kesim
- Testere muhafazası ve sağlam yay sistemi ile emniyetli kesim
- 1.5hp elektrik motoru sayesinde güçlü ve hassas kesim operasyonları
- Özel alaşımlı alüminyum döküm makine gövdesi
- Uzun ömürlü elektrostatik boya

### Standart Ekipmanlar

- Profil dayama
- 1x yatay mengene

### Opsiyonel Ekipmanlar

- Ø 300 mm testere
- FN ST300 Makine sehpası
- Motor fren sistemi
- Trifaze sistem
- İkinci mengene

## EN Features

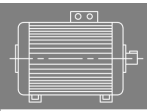

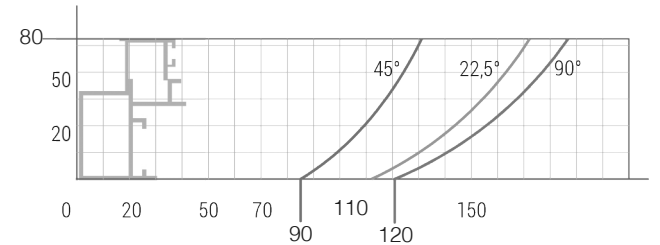

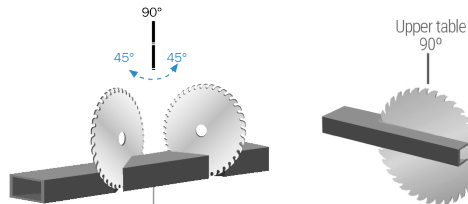

- FN300 Portable Mitre Saw Machine is used for straight and angular cutting processes of aluminum, wooden and plastic materials.
- Cutting at any desired angle between -45°, +45° and 0°, 15°, 22.5°, 30°, 45° right and left angle fixing
- Ability to cut on the upper table
- Safe cutting with saw barrier and strong spring system
- Strong and precision cutting operations with 1.5hp electric motor
- Special aluminum alloy machine body
- Durable electrostatic paint

### Standard Equipments

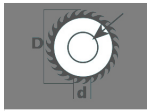

- Profile support
- 1x horizontal clamp

### Optional Equipments

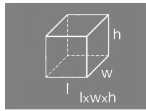

- Ø 300 mm saw blade
- FN ST300 Machine Cabinet
- Motor brake unit
- Three-phase system
- Second clamp
