Sistem Teknik Özellikleri

System Specifications

- Glasser Alüminyum Sabit Cam Çatı Sistemleri, teras, balkon, kış bahçesi ve kapı girişlerinde rahatlıkla uygulanabilen bir sistemdir. Cafe, restaurant ve iş yerlerinde sıkça tercih edilen cam çatı sistemi yapıldığı mekanı karatmadan şık ve ferah bir yaşam alanına sahip olmanızı sağlar.

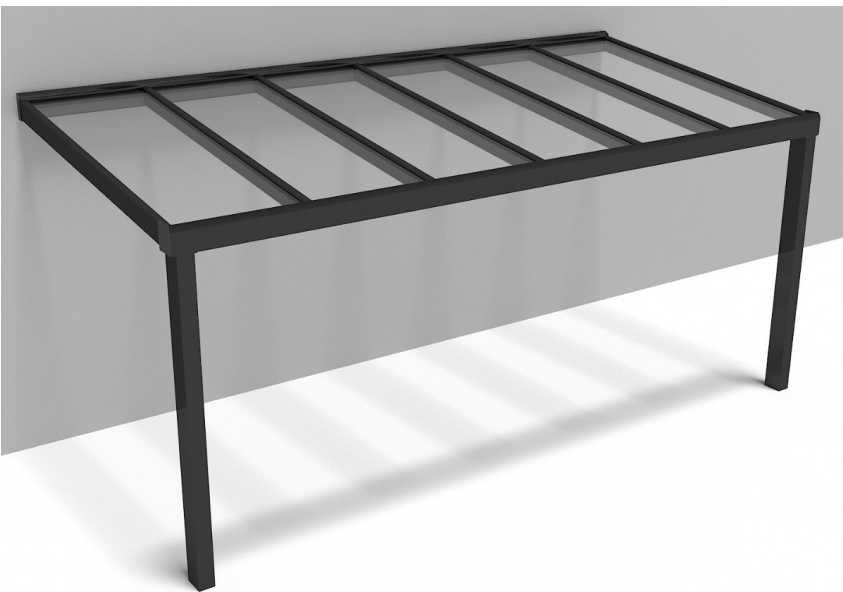

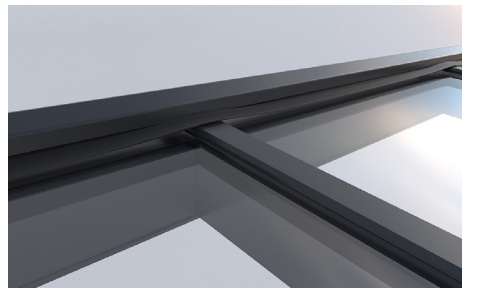

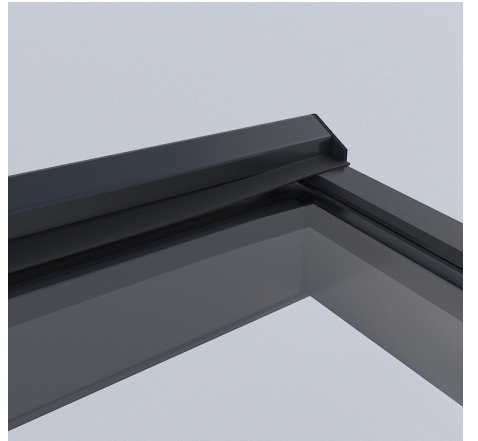

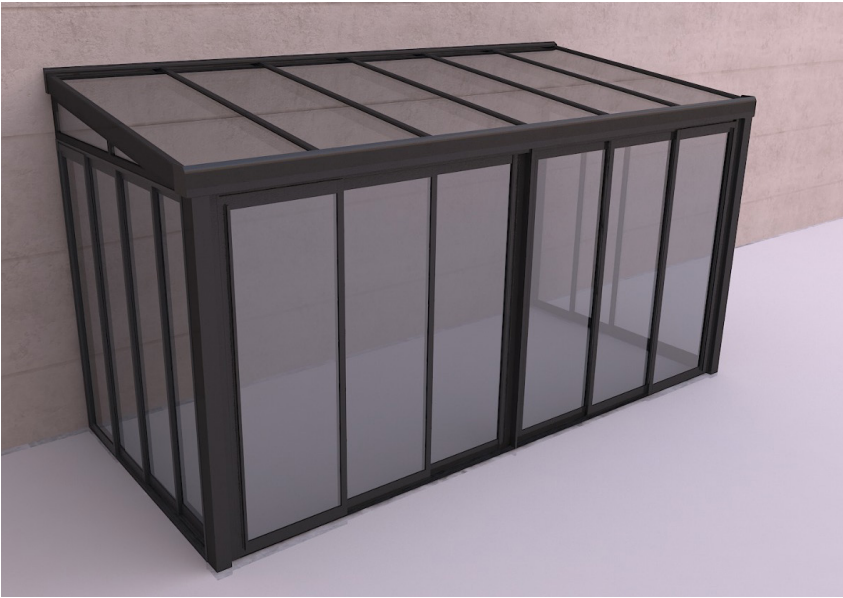

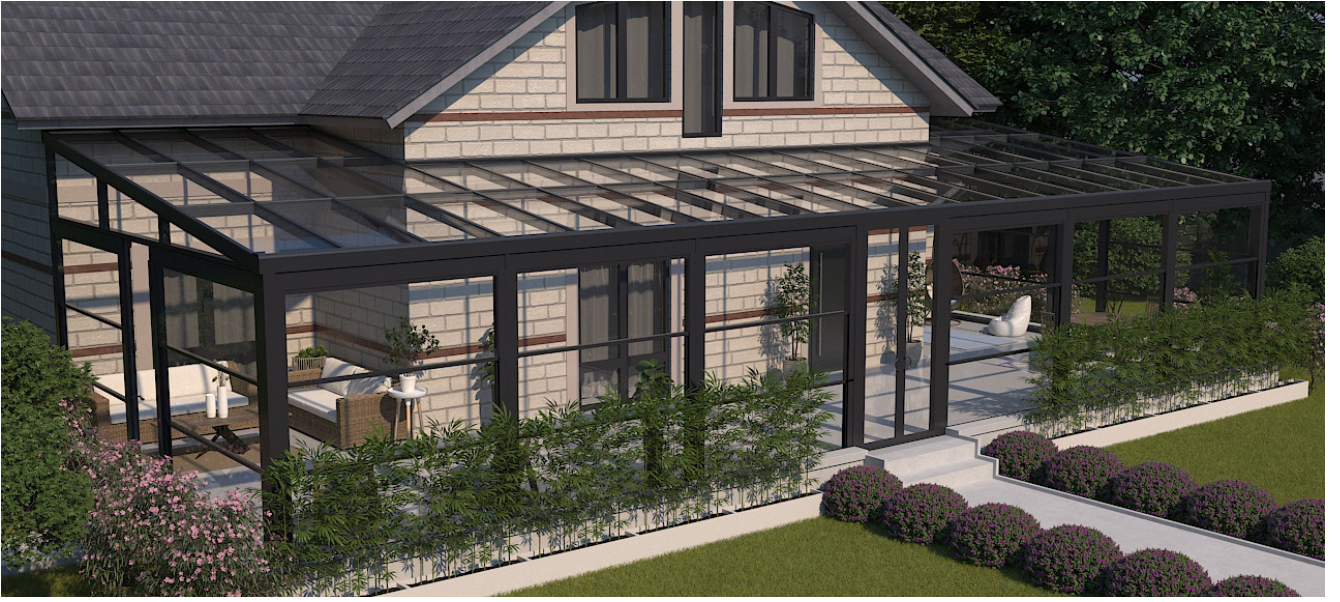

Sabit cam çatı uygulamaları Tek Camlı, Isıcamlı ve isteğe bağlı olarak Nitelikli Camlar olarak uygulanabilmektedir. Yapıların cam çatı sistemleri ile kapatılması gün ışığından daha fazla yararlanmanızı sağlayacaktır. Ancak tabii ki cam çatı sistemlerinde kullanılan camların çok kaliteli ve bu iş için uygun olarak üretilmiş olması gerekir. Kaliteli üretilmiş bir cam çatı sistemi metal çatı sistemlerinden daha sağlam olabilmektedir. Kullanılan camlar klasik camlar olmayıp, ciddi darbelerle dahi kırılması oldukça zor olan camlardır.

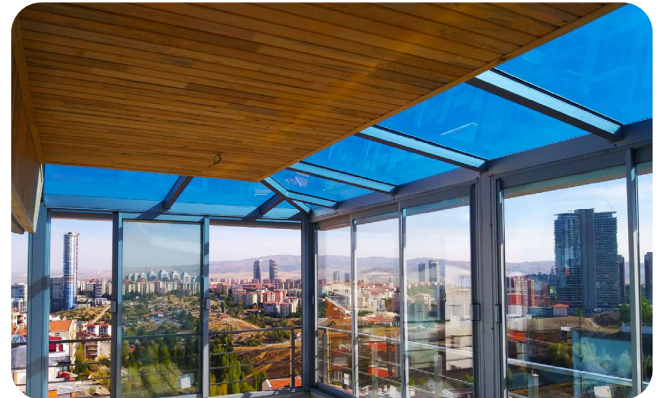

Glasser Aluminum Fixed Glass Roof Systems, is a system that can be easily applied in terraces, balconies, winter gardens and door entrances. Glass roof system, which is preferred in cafes, restaurants and workplaces, allows you to have a stylish and spacious living space without running black.

Fixed glass roof applications can be applied as Single Glass, Insulating Glass and optionally Qualified Glasses. Closing the buildings with glass roof systems will allow you to benefit more from daylight. However, of course, the glasses used in glass roof systems must be of very high quality and produced in accordance with this work. A quality glass roof system can be more robust than metal roof systems. The glasses used are not classic glasses, they are very difficult to break even with serious blows.
