**Sustainable Packaging**  
an important part of our  
modern world

# ABOUT

Sarpak Plastik is one of the leading manufacturers in plastic packaging production in the use of offset printing and IML (Inmould Labeling Technology) technology.

Our company, which accepts the production of quality goods and customer satisfaction as a result of this as a prerequisite for success and continues its production with this principle, manufactures Plastic Buckets and Food Storage Containers.

**In the food sector; tahini, molasses, olives, cheese, yogurt, tomato paste, ketchup, mayonnaise, sauces, halva, cotton candy, jelibon, Turkish delight, glucose syrup, popcorn, ice cream etc.**

**In the chemical sector; we supply buckets for sectors such as construction paint, fertilizer, grease oil, detergent, tobacco, cosmetics.**

Our Goal  
Sustainable  
Quality,  
Production  
and Service

## Quality

Our company provides services with a holistic approach in the stages up to the development, production and shipment of its products and services. Our R&D and quality team adopts the principle of producing robust, healthy and nature-friendly products by making the necessary analyzes of the products with our cutting edge technological devices within our laboratories before they reach you.

# Mission

## Solar Energy

Saving the planet and reducing carbon footprints and fossil fuel consumption continues to grow with every generation. As Sarpak, we keep investing to reduce company's carbon foot print by using Solar Energy as of 2021

## **Sustainability is at the heart of Sarpak's growth.**

The company is committed to harnessing a greener approach and is set on reducing its impact on the environment
