

Gabbar™

PP/HDPE WOVEN SACK BAG SEWING MACHINE

HIGH SPEED, DOUBLE NEEDLE,
DOUBLE CHAIN STITCH MACHINE

ST 502 HD

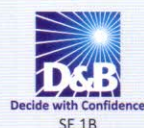

SPECIAL FEATURES :

- Specially designed for heavy weight material such as HDPE, PP, Multiwall paper and other types of woven sacks.
- Bobbinless stitching system resulting in production increase
- Any type of cotton or synthetic yarn and plastic tape can be used.
- Easily convertible in single needle machine.
- Distance between two stitches can be adjusted
- Fully automatic lubrication with oil recycling system which ensures long life of machine.
- Parts are easily available.

HDPE Wovenbag stitched with HDPE Tape.
