CARE INSTRUCTIONS:

Considering the many possible applications of a yarn, it is the responsibility of the buyer and/or end user to verify that the product is suitable for the specific use. COMETEX S.A.E. supports its customers by proposing the most suitable yarn for the required applications and we invite you to contact us for information or assistance.

- The technical data shown are an indication referred to the current production and are subject to normal tolerances of use.
- The final needle size depends on the final application of the yarn.
- The care labels shown refer to the raw material and dyes used by CTEX, we recommend individual tests on the finished product.
