\*Our yarns are A+ Quality. We are use Egret brand in Rayon yarns.

We follow the fabric exhibitions and home textile fairs and fashion shows in the World. We create our yarn collection and R&D works according to the information we receive from the fairs and shows. Our company culture behaviour is to be fast, flexible and quality-oriented.

Seen İplik, which continues its production with the mission of continuously serving the same quality, aims to be a solution partner of the fabric exporter customers about yarn by offering fancy yarns and twisted yarn.

Thanks to the 40 year of experience of having a woven fabric production factory history and yarn precision mission for customers, quality is at the forefront in every stage of production.

We serve as a solution and R&D center to transform raw materials into semi-finished and finished products.

Produces yarns are mostly used in the production of knitted, tricot (knitwear), embroidery, woven and jacquard fabrics. Generally we give service to home textile such as curtain, drapery, upholstery, towel, embroidery, velvet fabric producers and carpet makers. Also we produce yarns suitable for clothing industry such as menswear, womenswear, knitted fabrics, tricot (knitwear), hosiery, scarf, raschel knit, lace, braid, embroidery fabrics.

In the Twisting Production we can twist yarns From 20 denier to 600 denier, from 120 tpm (twist per minute) to 2800 tpm (twist per minute).

The Fancy Yarns portfolio mainly includes varieties such as; S-Z Twist Embroidery Yarns, Moline Yarns, Yarns with Knob, Slub, Gimp, Buclet, Frise, Snarl, Noppe and Loop Effects. Burn-Out Yarns, MX Folded Yarns, Slub Folding Yarns, Yarns with Lurex Glitter, Nylon and Polyester Monoflaman Folded Yarns.
