

Cure Adaptive Chemotherapy Treatment Suit

Hidden Zips on the Front Right and Left Parts Provides a Practical Use by Facilitating Opening and Closing Operations.

Zipped Sleeves that will make your daily life easier.

The hidden full zip on the inside of the right and left sleeves allows for practical opening and closing of the garments.

Product Description:

The Cure Adaptive Chemotherapy Treatment Suit has been specially designed to ensure patient comfort during chemotherapy, dialysis and post-operative processes. The full-length zips on the front and sleeves of the Treatment Suit allow for easy opening, providing a comfortable wearing experience during treatment. This adaptive design, which provides practicality in both treatment processes and daily use, provides important support for the patient and caregivers.

Comfortable Fabric:

Skin-friendly, soft-textured and flexible knitted fabric offers comfort for long-term use.

Unisex and Stylish Design:

With its modern cut and neutral colour, it is suitable for both men and women; it can be easily combined in daily life.

Easy Care:

It is machine washable and offers long-lasting use with its durable fabric.
