### **PRODUCT FEATURES :**

- 1) Our machines are made ATE-12S the latest machinery designed by Aalidhra on special customization for us to make the best export quality material.
- 2) 100% of our machinery comprises of OLT (On-Line Tension) systems to make the best quality for our customers.
- 3) Our machines have been designed in a way that the yarn will be spotlessly clean without any marks and without any oil stains.
- 4) We use white oil for the yarn so there is no Yellowness at the yarn stage & subsequently the fabric.
- 5) We manufacture our own cartons and paper tubes, to give our customers an uncompromised quality.

### **SOME SALIENT FEATURES OF OLT SYSTEMS :**

- 1) It controls the tension variation in the yarn eliminating the possibility of Barring/lines/stripes in the fabrics.
- 2) One of the most important features of the new OLT systems is that it controls the difference of weight in Even Package individually from spool to spool.
- 3) There will be 100% evenness in the yarn.
