# RITM-ULM HEALING BLANKET & CLOTHES

# RITM-ULM HEALING BLANKET

This is Class I medical device for the treatment and prevention of disorders of the functional systems of the body. Due to high effectiveness, usability and safety, RITM-ULM products help to regulate psycho emotional disorders, treat sleep disorders, increase stress resistance, remove muscle tension, thus impacting into anti-age and rejuvenation program.

## INFLUENCING FACTORS

- Protection of the covered body from external electromagnetic and electrostatic radiation;
- Reduced heat emission and normal heat exchange due to reflected heat radiation in the infrared spectrum of electromagnetic waves;
- Influencing the user with his/her intrinsic electromagnetic radiation of extremely high frequency (the working frequency of body cells);
- Redistribution of surface electric charge of the patient.

## RITM-ULM CLOTHES

The Clothes are modifications of the Healing Blanket and can be used when walking, sitting, lying, or sleeping. The clothes are for individual use only. The RITM-ULM Clothes are available in S, M, L, XL, and XXL sizes.
