GERMİ METAL SANAYİ A.Ş.

Aile Şirketimizin temeli Ahmet ve İsmet GERMİ kardeşler tarafından 1976 yılında İstanbul'da atıldı. Metal işleme üzerine fason üretimler yapan şirketimiz ürünleri ve dürüst ticaretiyle hızla tanındı. İlk üretim portföyü içerisinde kıyma makinelerinin ayna ve bıçakları da vardı. Ürünlerimiz kısa zamanda tercih edilerek ve müşterilerimizin ısrarıyla, ilk şirket unvanımız: "DOĞAN ÇİFTTEL" Adı ile sektörde bilinen bir marka konumuna geçti. Kaliteli metalden dövülerek üretimler yapan firmamız kendi sektöründe öncü olmayı başardı. Türkiye'de "Kıyma Makinesi Ayna ve Bıçakları" üretimi yapan Tek firma olarak rekabetimizi sadece yabancı markalarla yapmaktayız. Ürünlerimiz hem iç hem de dış pazarda talep görmesi sebebiyle, üretimlerimizi uluslararası normlara göre düzenleyerek çeşitli sertifikalarla tescillemekteyiz.

Firmamız metal-dövme üretiminde yarım asra yakın tecrübesi, kalite testlerinde uyguladığı modern teknolojilerle, müşteri memnuniyetine dayanan hizmetiyle çeşitli sektörlerden ve markalardan iş ortaklığı konusunda talepler almaya başladı. Yoğun üretim talepleri üzerine 2016 yılından itibaren SAKARYA/Hendek'teki yeni fabrikamıza taşınarak, günümüz teknolojisine uygun makine parkurunu büyütüp çeşitlendirerek, Ar-Ge ve Proses çalışmaları sonucunda Endüstri 4.0 çerçevesine yakın üretimler yapmayı başardı.

Geçmişindeki tecrübesi ve bugünkündeki başarısı ile geleceğine yön veren bir şirket anlayışıyla "DOĞAN ÇİFTTEL" olan şirket unvanımız "GERMİ METAL SANAYİ A.Ş." olarak değişimini gerçekleştirdi. Böylelikle üretimlerimiz markalaşarak; kıyma makinesi ayna ve bıçakları ait markamız "DOĞAN ÇİFTTEL" uluslararası platformlarda öne çıkmıştır. "GERMİ METAL SANAYİ" denildiğinde başarının kaynağı; üretilen her ürünün arkasında durmaktır.

Firmamızın kökeninde, kurucularımızın iz bıraktığı en önemli miras:

"VERİLEN SÖZÜN ARKASINDA DURMAK!"

"DOĞAN ÇİFTTEL" olarak çizgimizden ayrılmadan siz değerli müşterilerimize ve iş ortaklarımıza otomotiv-traktör parçaları başta olmak üzere çeşitli sektörlerde hizmet vermeye devam edeceğiz...

The foundation of our Family Company was laid by brothers Ahmet and İsmet GERMİ in Istanbul in 1976. Our company, which makes contract manufacturing on metalworking, quickly became known for its products and honest trade. The first production portfolio included chucks and knives of meat grinders. Our products have become a well-known brand in the sector, with our first company title: "DOĞAN ÇİFTTEL", by being preferred in a short time and by the insistence of our customers. Our company, which produces by forging from quality metal, has succeeded in being a pioneer in its sector. As the only company that manufactures "Mirror and Knives for Miners" in Turkey, we only compete with foreign brands. Since our products are in demand in both domestic and foreign markets, we regulate our productions according to international norms and register them with various certificates.

Our company has started to receive requests for business partnerships from various sectors and brands with its nearly half a century of experience in metal-forging production, modern technologies applied in quality tests, and service based on customer satisfaction. Upon intense production demands, it moved to our new factory in SAKARYA/Hendek since 2016, expanded and diversified its machine park in line with today's technology, and as a result of R&D and Process studies, it succeeded in making production close to the Industry 4.0 framework.

Our company title, "DOĞAN ÇİFTTEL", is "GERMİ METAL SANAYİ A.Ş." made the change. Thus, our productions become brands; Our brand of meat grinder chucks and knives, "DOĞAN ÇİFTTEL", has come to the fore in international platforms. When "GERMİ METAL SANAYİ" is mentioned, the source of success is; To stand behind every product produced.

At the origin of our company, the most important legacy left by our founders:

"STANDING BEHIND THE PROMISE!"

As "DOĞAN ÇİFTTEL", we offer automotive-tractor parts to you, our valued customers and business partners, without leaving our line.

We will continue to provide services to various sectors, especially...
