WHY PUSULABASIM ?

We are the leading manufacturer company of non-woven, pp woven polyester 420D and paper bags in greater Istanbul area. All of our manufacturing process is under our control and handled in our own facilities from start to finish. Our aim is to meet your special needs while producing top quality materials.

We produce in every custom size and model. With our offset printing techniques, we are able to print any custom image in high-resolution photo quality on non-woven, pp woven, paper and polyester 420D fabrics/buckram.

MOQ 500 pcs and production time is within 3 weeks up-to 10.000pcs. Delivery and transport take about a week. For both national and international destinations, we have the shortest delivery time, and we export high-end products to more than 15 countries in Europe alone.
