

BAHAR ETİKET®

Sanayi ve Ticaret A.Ş.

Bahar Etiket who was found in 1974 in İstanbul, has become one of the leaders of labelling sector in Turkey in the last decade.

Having the capability of printing any kind of self adhesive labels by printing systems such as letterpress, flexo, offset, screen printing, multi color hot foiling, Bahar Etiket has reached 1 million meter squares printing capacity per month.

To achieve the highest standarts on the printing quality, Bahar Etiket invested in the most qualified and effective machines of their kinds and for the continuity of the quality, kept investing on the same brand machines. Due to this reason the company have Japanese Iwasaki semi-rotary letterpress machines, Italian Omet rotary flexo machines, German Heidelberg offset machines which are known as the best of their league.

The company has also the capability of completing all pre-printing processes in-house which gives the advantage of being able to act very fast

Bahar Etiket, joined the local competitions arranged by ESD (Turkish label Manufacturers Association) and won the titles several times. In 2008 for the first time in the company's history, Bahar Etiket joined FINAT's labelling competition that was held in Paris and became the winner of the industrial label category with a car battery label named Platin Classic, a nice

label with plenty of depth with the blacks and reds with a touch of silver contrasting nicely which requires a lot of skilled printer effort and highly qualified uv flexo machine.

After first award in 2008 Bahar Etiket kept winning awards from FINAT .That accomplishment was gained among the competitors from 27 different countries and 285 entries.

WORLD LABEL AWARDS 2013
Class 2 Flexo Line / Screen
Honourable Mention Award for
Excellence in Technical Achievement in Printing

Bahar Etiket is aiming to increase its export percentage. Today, export rates are around 12% of the total revenue. Most exported labels are being sold in France, UK, Poland, Dubai, Belgium, Austria and USA

Bahar Etiket believes that with the existing pre-printing equipments, latest technology printing machines, well trained skilled printing crew and existing total quality policy, Bahar Etiket is ready to serve the companies who require high quality fast service with the best possible prices.
