Aim for the best...

As ATA Arms, we are the leader of firearms production and export in Turkey for more than 60 years. We are proud of exporting many firearms that we have pioneered in the sector to more than 70 countries in different parts of the world and raising a Turkish brand to this success in the international market.

Since our foundation in 1955, we have always been a guide in the firearms sector. We produced the first side-by-side (1967), the first over & under (1973), the first semi-automatic rifle (1992) and the first bolt-action hunting rifle (2015) in Turkey and led up the industry.

After obtaining rifle production permit, our company started to operate in the field of defense industry and produced the main parts of national assault rifle MPT 76 model and immediately pressed the button for the production of sniper rifle and assault rifle.

In the same period, our grenade launcher project speeded up and in 2018 we won the tender of the Defense Industry Presidency. ATA Arms, which produces semi-automatic rifle to the Turkish Land Forces and semi-automatic rifle to the Turkish Naval Forces, also delivered to the armed forces of countries such as Georgia, Bahrain, Kazakhstan and Egypt.

ATA Arms now shows up in several defense industry exhibitions both in Turkey and abroad. In the near future, we aim to produce for the armed forces of many countries in the world and has begun to take steps for this goal rapidly.

ALR

Sniper Rifle

CALIBER (TWIST RATE)	.308 Win (11") 7,62x51 Nato / .243 Win (10") / 6.5 Creedmoor (8")	WEIGHT	4.8 kg (10,55 lbs) with Empty Magazine, no Muzzle Brake
