## MOUNTED POST HOLE DIGGER PDM3A3

ANIZ is the manufacturer of post hole diggers in Turkey, offering a wide selection to meet most of needs in the market:

Planting saplings,

Building a new fence or replacing an existing one,

Setting post for a structure, vineyards or above ground crops,

Landscaping or locating windbreaks.

Our user friendly post hole diggers and augers make digging smooth, deep holes fast and easy. You'll get maximum results without a lot of work. They are built tough and built to last.

The model PDM3A3 post hole digger is suitable for 30-60 HP compact tractors equipped with a category-1S or category-2 3-point hitch and a 540 RPM PTO.

It handles 15 cm, 20 cm, 30 cm, 40 cm and 50 cm (6", 8", 12", 16" and 20") diameter medium duty 85 cm (34") length augers.

A support is provided for the operator to adjust the auger starting angle.

Spiral bevel gearboxes are used on the equipment having 2.92:1 gear ratio and is protected by shielded PTO driveline with over load clutch.

The gearbox features tapered roller bearings and spring loaded seals.

Our post hole diggers are built for years of trouble-free work with a minimum amount of maintenance.
