

WE OFFER **NATURAL** WAYS TO MAINTAIN YOUR HEALTH!

OTC Portfolio | Private Label | Contract Manufacturing

www.enafarma.com.tr

VISION

Pioneering the market by developing innovative products with the good manufacturing practices in the fields of preventive and complementary medicine in different geographies and being the market leader.

MISSION

To be able to develop any kind of useful formulations and to produce and widely spread the products for maintenance of human health and for the treatment purposes with the natural raw materials on this day and in the future.

PRINCIPLES

We offer natural ways to maintain your health..Trust, honesty, transparency, respect, equality, communication, taking responsibility, creating benefits, providing an exemplary working place.

GOAL

To be the pioneer and leader in specific groups of products with scientific R&D activities in the complementary medicine area in Turkey.

Ena Farma was established in 2009 to serve the herbal products with original formulations to the Turkish market. The head office along with the production facility is placed on a 2000m² area and located at the Anatolian side of Istanbul.
