- 🏠 Constant Communication

SINGLE CUPS

Single Wall Cups

Our paper cups are nature friendly owing to its biodegradable and recyclable nature. They provide practical solutions in offices, workplaces and restaurants in particular. Our paper cups are resistant to hot drinks regarding the PE raw material within. Plastic and foam cups can unsettle the taste of drinks and they are unhealthy when used frequently. We can provide custom print cups, which will enhance brand awareness.

Double Wall Cups

By means of PE raw material inside, our Double Wall paper cups are resistant to hot drinks. They are leakproof. Our custom print services will enhance your brand awareness. Owing to their double-layered system, they do not burn hand and they eliminate the extra cost of sleeves. We can provide you unlimited range of color print under favour of our offset printing technology. Minimum printing quantity is available for 1.000 ≥ pieces.
