WHAT CLIENTS SAY ABOUT US!

We have been dealing with Baba Cups for over 5 years now and have been importing raw materials. Everything from speed of communication, the quality of material received and the adherence to time and deliveries has been just perfect. I wish them all the best.

- Sheikh Muhammad, Qatar

We moved to Baba Cups for our Paper Cups supplies 2 years back from China and I must say, it has been the best decision for us. Not only do we have ease of dealing with them, but we are also always at peace when the order is given to Baba Cups. We know that our products will be delivered in the finest shape and on time.

- V K Unnikrishnan, UAE

We started dealing with Baba Cups in small quantities and slowly increased the order with them. We were so happy to see that they increased their capacity as we increased the order with them. Today we order more than 5 containers a month and they deliver it still with same finesses and speed as they delivered small quantities. This attitude is really commendable.
